 - Vehicle Management System
 - CarryMate Platform
 - Better School Admin Panel
 - Better School Super Admin Panel
- Integrated frontend components with backend APIs.
- Collaborated closely with backend developers and UI/UX designers.
- Use **Git** for version control and team collaboration.

Full Stack Developer

Infi Loop Pvt. Ltd. — Naya Bazaar, Kathmandu, Nepal (Onsite)

Feb 2026 – Present

- Developed responsive and reusable UI components using Next.js.
- Developed scalable APIs using Express.js.
- Contributed to production-level projects including:
 - School Management System
 - Consultancy CRM
- Integrate frontend components with backend APIs.
- Collaborated closely with UI/UX designers.

- Use Git for version control and team collaboration.

Projects

Food Ordering System (Full Stack)

Next.js, TypeScript, Tailwind CSS, React Query, Redux Toolkit, NestJS, MongoDB

🔗 Frontend: <https://food-ordering-frontend-pranaya.vercel.app/>

🔗 Backend: <https://food-ordering-api-pranaya.vercel.app/>

- Built a complete food ordering platform from UI to backend APIs
- Implemented server-state management using React Query and global state with Redux
- Designed modular backend architecture using NestJS
- Integrated frontend with REST APIs and handled loading/error states

Travel & Trekking Platform (Full Stack)

Next.js, TypeScript, Tailwind CSS, React Query, Express.js, MongoDB

🔗 Frontend: <https://travel-trekking-frontend.vercel.app/>

🔗 Backend: <https://travel-trekking-api.onrender.com/>

- Developed a modern travel platform with responsive UI and API integration
- Built backend APIs for managing travel and trekking data
- Optimized data fetching using React Query
- Focused on clean UI, performance, and scalability

Job Board API

Node.js, Express.js, MongoDB

🔗 <https://job-board-api-pranaya.onrender.com/>

- Developed RESTful APIs for job posting and retrieval
- Implemented structured routing and controller-based architecture
- Tested endpoints using Postman and Hoppscotch

Chitwan Aid Trust Website

Vue.js, Tailwind CSS, Vuetify

🔗 <https://chitwan-aid-trust.vercel.app/>

- Built a responsive NGO website using Vue.js

- Designed reusable UI components with Vuetify
- Ensured cross-device compatibility

Portfolio Website

React.js, Tailwind CSS

 <https://pranayaghimire.netlify.app/>

- Designed and developed a personal portfolio to showcase projects and skills

Education

Bachelor in Science, Computer Science and Information Technology
Birendra Multiple Campus [2019-2024]
